

Letter of recommendation
Taneční Centrum Praha - Konzervatoř

Belgium, 29 March 2017

To Whom It May Concern,

In my own artistic career I have danced for a multiple of internationally recognized European companies including the TanzTheater Nürnberg, the TanzTheater Sankt Gallen and the Landestheater Linz just to name a few. I have also created many rewarded choreographies for international companies and for important events such as the Opening Ceremony of the World Ski Championship 2017 in Switzerland. I have worked with many international institutions and TCP - Konzervatoř quite frankly stands out.

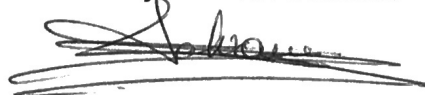

Antonín Schneider is a leader amongst his generation of artists and on many occasions, since 2008 until 2016, I was fortunate to collaborate and create works for him. His dance visions are pioneering nowadays and he has been able to built what few institutions have managed in the world; a well known high level education in dance creating generations of futur professional dancers that have already been successful in all Europe. TCP's quality, innovation, openness and refined work are established and renowned internationally since now many years.

Antonín Schneider is very rigorous in his pursuit of excellence and accepts nothing short of perfection in his Institution. He has a wide range of knowledge in many related art forms. Taneční Centrum Praha - Konzervatoř under the leadership of Antonín Schneider is a rare gift to the international dance community.

It is from all these perspectives that I give Antonín Schneider my highest support as a dance artist whom would be a invaluable member of artistic community in every nation.

I am delighted to support him with this letter of recommendation,

Yours Truly, Samuel Delvaux
